Re : InchBrook AV Reference

This is to confirm that InchBrook Audio Visual have been appointed as the preferred AV suppliers at the Castle of Good Hope. I have found their service, quality and most importantly, value for money far exceeding all other AV suppliers in Cape Town.

The Castle of Good Hope is the busiest function facility in Cape Town and InchBrook Audio Visual has been a major support to our business and clients. I can highly recommend this professional team and you can be assured that your business will be a huge success in their capable hands.

Kind Regards,

Herman Kotze
