Attention Mr Francois du Plessis

Dear Francois

## **ASSISTANCE TO SAAF MUSEUM PLANETARIUM**

We are happy to inform you that through your generous assistance in repairing the sound system in the planetarium, we are back on the road and giving the public shows supported by the sound system that sounds better than ever!

At the same time, we have improved the security to the planetarium, it is now kept locked and we have revised the locking system as well. Not so easy to get unauthorised access now.

We would like to give you and your staff a visit to the planetarium at your convenience as a way of saying thank you for the support.

Further, we would highly appreciate it if you could arrange a sign to be manufactured with your company logo so that we can add it to the list of sponsors outside the planetarium door.

Once again, thank you for the exceptionally valued support, it is heartening when members of the public step forward and come to our aid and assist us out of an embarrassing situation.

With my very best wishes

**(C. J. TEALE)**
